

FIELD TRIP INFORMATION

Notification of field trips will be sent home approximately 2-3 weeks prior to the event. Field trips are a perfect opportunity for the important school-home partnership!!

We love to have parents attend these events. The only unfortunate aspect is that siblings are not allowed to attend the school-sponsored event, per DoDDs policy. The positive side, however, is that this time allows you some special "quality" time with your child and will allow you to observe their participation within the classroom structure.

Additionally, walking field trips will be an important part of our curriculum. We take advantage of local facilities to provide behavior management structures within the community. Once a month, our class walks to the commissary to purchase the items needed for the preschool snack program. Each child is responsible for their own "list" of items to find. Appropriate behaviors are discussed and practiced prior to the field trip. This activity was so successful last year, we will continue again this year!!

We have also taken advantage of learning about community workers at the commissary, post office and bank.

Permission for the walking field trips has been included in the pocket folder in this notebook, along with a Chaperone's Guide. Permission for field trips requiring transportation will be sent to you as they occur.
